

Alaniz Technologies Corporation

Vehicle Purchase Form

Please submit the completed form to customerservice@alanizcorporation.com. If it is accepted, you will receive a copy of the purchase form with additional closing documents. A vehicle is not considered sold until all forms are received and a down/full payment is placed. Alaniz Technologies Corporation reserves the right to cancel/refuse all purchase forms without notice.

Notice: While we still offer conversions on kit cars, we no longer provide complete restorations on any vehicle.

Name: _____

Address: _____

Telephone #: _____

Email: _____

- Check here if you would like us to provide you with a shipping quote. Remember, shipping costs are the responsibility of the buyer.
- Check here if you would like to apply for financing from Alaniz Technologies Corporation. By checking this box, you approve Alaniz Technologies Corporation to access your credit report for purposes of obtaining financing. Financing with approved credit only. If you are approved, Alaniz Technologies Corp. requires a 25-50% down payment. Buyer agrees to pay a finance charge to be added to all purchases financed by Alaniz Technologies Corp.

- SSN: _____
- Gross annual income: _____
- Employer: _____
- Years at current residence: _____
- Years with current employer: _____

Please Read Carefully:

Alaniz Technologies Corporation has divided the order form into 2 sections to simplify the ordering process: 1) the Basic EV conversion, and 2) the Complete EV.

The “Complete Electric Vehicle (EV)” refers to a fully restored vehicle that is physically drivable upon delivery (however, some vehicles such as those without

titles will not be street legal until the buyer submits all the proper paperwork which varies by state; **PLEASE NOTE YOUR INDIVIDUAL STATE LAWS BEFORE PURCHASING.** To order the “Complete EV,” simply check the box in Category 2. **Read Category 2 for details of what the “Complete EV” will include.**

You may also order individual parts from us that are present in category 1 (for example, just the EV motor or just the circuit breaker). Please check each box besides the components you wish to order.

BECAUSE MANY OF THE PARTS WE PROVIDE MUST BE CUSTOM-MADE, ALL ORDERS ARE SOLD AS-IS, WITH NO WARRANTY, RETURN, OR REFUND. REMEMBER, ALTHOUGH THE EV PARTS INSTALLED IN THE CONVERSION ARE NEW, THE CONVERTED VEHICLE IS NOT NEW. The reason why our vehicles and parts are sold with manufacturers warranty (only if applicable) is because of 1) customers in the past who have damaged their EVs due to improper driving (such as overdraining and thus permanently damaging the batteries) and subsequently wanted a replacement/refund; and 2) customers who bought new stock merchandise from us and tried to return similar used/damaged goods for refund (unaware that we document all serial numbers and photograph all products before shipping). **IN ADDITION, IMPROPER USE OR IMPROPER MAINTENANCE OF ELECTRICAL EQUIPMENT CAN RESULT IN SERIOUS INJURY OR DEATH. BY PLACING AN ORDER, YOU ARE AGREEING TO THE ABOVE TERMS.**

Year/Make/Model of vehicle: _____

Category 1: Basic EV conversion package

Basic EV Conversion Package: -- Begins at \$8499. Check the individual box(es) below if you wish to buy the EV parts separately. Batteries and high-voltage battery cables are not included in this category and are only sold as part of the “Complete EV” package in Category 2. We reserve the right to substitute listed items with available alternatives without notice. **Batteries and high voltage battery cables are not sold separately.**

- 9 inch WarP DC or ADC motor
- Custom transmission adapter
- 144VDC motor controller
- PB-6 throttle (or equivalent)
- Contactor
- High voltage circuit breaker
- Blue Window Dashboard Computer with 7” in-dash DVD player (if your vehicle does not have space for a radio, we will install a small basic state-of-charge meter instead)
- DC/DC converter
- steel battery tray frames

Category 2 - The Complete EV

For conversion of the car in category 1 into an electric vehicle. Please read your individual state laws before purchasing. By checking this box, you understand and agree to the conditions set by your individual state regarding driving an electric vehicle (including those vehicles noted not to have titles).

Items are new unless otherwise specified. Includes the following items:

- Sixteen 6 volt 210 AH wet cell lead acid batteries, 96V total. Additional batteries are available in select vehicles only (due to space limitations).
- EV components listed in Category 1.

Not included, but highly recommended and available in most vehicles at additional cost are:

- EV air conditioning - \$250
- EV power steering - \$250
- Brake upgrade for electric vehicles - \$299. This upgrade is highly recommended because some vehicles will have difficulty braking without power-assisted brakes (power is no longer provided by the ICE and must be adapted for an EV).

By signing below, you agree to the above terms and conditions for purchasing a vehicle from Alaniz Technologies Corporation.
